

Running for Israel

www.runningforisrael.com

"Running for Israel" began in 2004 as an idea to help increase public awareness of the issues facing the State of Israel and the needs of the people who live there. Since then, we've brought this idea into reality, running marathons on three continents with scores of athletes. On Sunday, April 26 2009 Rabbi Eric Ertel will run the La Jolla Half-Marathon. His goal is to raise funds and awareness for causes that support the State of Israel and translate awareness into activism.

We invite you to help us meet these goals by joining the "Running for Israel" team. Run with us in the La Jolla Half-Marathon or in the La Jolla Shores 5k, raise your own pledges, or simply donate. Every donation brings us a stride closer to living the reality of a peaceful Israel.
